CORE

Thin Stone Surfacing System

Turning Ordinary into Extraordinary!

thin stone

Bella CORE natural thin stone panels bring the outdoors in.

Our thin stone panels have a patented technology consisting of a thin cut layer of natural stone with 3 layers of backing that allow flexibility, while maintaining durability. The panels are 1/4" in thickness and weigh between 80 - 140 lbs, depending on size.

Low maintenance, affordable luxury has never been so easy. Installation in as little as one day.

Natural Thin Stone Panel Applications:

- Shower Surrounds
- Steam Showers
- Wainscot
- Island Surrounds
- Backsplash
- Fireplace
- Outdoor Grilling Area
- Elevators
- and more ++
